Executive Numbered Memo 003-2015-16 - Exemption from Smarter Balanced Assessments

**TO: Superintendents, Principals, and District Test Coordinators**  
**RE: Exemption from Smarter Balanced Assessments**

**Summary: House Bill 2655 establishes a new policy for exempting students from the Smarter Balanced assessments.**

House Bill 2655 goes into effect January 1, 2016 and establishes a Student Assessment Bill of Rights permitting parents or adult students to annually opt-out of Oregon's summative Smarter Balanced assessments in mathematics and English language arts. HB 2655 also directs the Oregon Department of Education (ODE) to develop an annual notice that describes these assessments, along with an opt-out form that school districts and public charter schools must provide to parents at the start of each school year. In addition, HB 2655 requires that school districts and public charter schools provide parents with notice at least 30 days prior to administering Smarter Balanced assessments.

ODE is currently developing the opt-out form and 30-day notice document referenced in HB 2655. These items will be available for districts to access by November 9, 2015. School districts and public charter schools will be required to use these ODE-developed opt-out and 30-day notice documents to communicate with all parents about state testing requirements and their right to opt-out. Additional information regarding the timeline for accessing and distributing information to parents is provided in the table at the end of this memo.

**Supervised Study Time and Diploma Requirements**

HB 2655 requires school districts and public charter schools to provide supervised study time for students who opt-out of testing. The bill also reiterates current Essential Skills policy and graduation requirements, in that a student who opts out of testing may not be denied a diploma if they are able to satisfy all other diploma requirements. Students who do opt-out of the Smarter Balanced state tests, however, still need to meet the Essential Skills graduation requirement using another approved assessment option.

**School Report Card Rating**

As required by HB 2655, which goes into effect on January 1, 2016, ODE will develop an alternate rating on the school report card for schools that do not meet the federally mandated 95 percent participation requirement for all student groups. These alternate ratings will first appear on the 2015-16 report cards. To support ODE's ability to accurately identify the impact of opt-outs on a school's participation rates, ODE will engage district stakeholders through the Data Collection Committee to identify any needed changes to the data collection requirements. As changes are identified, ODE will provide further communication to school districts and public charter schools in as timely a manner as possible.

**Implementation Timeline:**
